

Gravity Gaming by ByteSpeed has partnered with Microsoft to provide

NAECAD SCHOLARSHIPS FOR ESPORTS COACHES & DIRECTORS

We realize that the task of running an esports program can be daunting, and that a great network of people to reach out to and solid, accessible training can make a world of difference in the long term success of your program. That is why ByteSpeed has partnered with Microsoft to offer scholarships for our new customers to join the National Association of Esports Coaches and Directors (NAECAD)!

Schools who purchase 5 or more Gravity Gaming esports PCs will receive a paid scholarship for NAECAD's many services for esports coaches, directors, or supervising administrators. Each scholarship includes a free NAECAD membership for the 2020-2021 school year, plus 10 online coaching classes to become NAECAD Level 1 Certified, an overall value of \$450.

You may choose your 10 preferred courses from a list of topics covering everything from funding an esports program to supporting an educational component alongside a competitive team. For details on the NAECAD Certification Program, visit: <https://naecad.org/esports-certification-program/>

If you have questions, please contact Josh Knutson: jknutson@bytespeed.com or 877-553-0777.

ABOUT NAECAD:

NAECAD is the primary professional organization for competitive esports coaches and directors at all levels of competitive play (club, high school, college, and professional). The NAECAD mission is to serve, legitimize, and advance competitive esports at all levels with members at the epicenter of leadership, advocacy, and professional development.
