Connect to an interactive world.

Bring lessons and idea sharing to life with the Optoma Creative Touch 5-series interactive flat panels. Engineered to enhance classrooms and meeting spaces, the 5-series IFP packs a stunning LED-backlit 4K UHD panel, wide 178 viewing angles, anti-glare tempered glass, cTUVus-certified Blue Light Filter and ambient light sensor combined with up to 20-point multi-touch capabilities, incredible accuracy and lightning-fast response times.

A built-in Cloud Drive and Optoma Marketplace provides easy access to popular cloud storage services and apps while AirShare feature brings audiences together showcasing instantaneous results from quizzes, polls and surveys. A ready-to-use whiteboard packed with pre-installed annotation tools, an embedded Android system and extensive connectivity ensure compatibility with a variety of devices for easy collaboration in classrooms, lecture halls, boardrooms and other shared spaces.

The included pens, ultra-fine touch IR technology, a 1mm air gap with <1.5mm accuracy ensures a seamless drawing and annotation experience. Auto pen detection instantly wakes up the display and launches the whiteboard.

The Android OS delivers incredible software functionality, including a 4K-optimized user interface, built-in media player, file manager and Optoma App Marketplace. Enhanced protection via programmable PIN code and USB port disable ensure the Optoma 5-series IFP is safe and secure for any environment.

Easily access Google Drive, Dropbox and Microsoft OneDrive cloud storage directly via the built-in file manager. The OfficeViewer enables playback and viewing of popular file formats.
