Connectivity
Roaming profiles let teachers access, share, and save their content quickly and easily, either on their device or in the cloud.

- Navigate your panel with an intuitive remote so you can move around the classroom freely
- Work seamlessly with educational platforms like Google Classroom and Microsoft Teams
- Access your content and customizations from any ActivPanel 9 with your roaming profile
- Connect your device directly to the panel with one cable for your audio, video, and data

Security
With enhanced security and sign-in options, teachers and IT administrators can rest assured that personal data will be kept safe and confidential.

- Create a Promethean account using your Microsoft or Google credentials for additional security
- Keep your personal data private within your Promethean account, not on the panel
- Install security updates through remote panel management
- Lock your panel quickly and easily when you need to be away for a short time
- Sign out of your panel from anywhere, ensuring your data is kept safe

Simplicity
An intuitive interface, user-friendly design, and easy customization capabilities allow teachers to focus on teaching, not technology.

- Create a Promethean account that you can access from anywhere
- Sign into your Promethean account with ease
- Customize your settings and menu with your favorite apps and tools
- Open two browsers on the panel at once for improved instruction

Adaptability
ActivPanel 9 helps schools provide students with optimal educational experiences in all learning environments—from in person to remote to hybrid to blended.

- Share lessons with remote and absent students through any platform
- Screen share in real time for hybrid and blended learning situations
- Collaborate and communicate in the classroom with Screen Share
Longevity

With its expanded memory, durable design, and innovative technology, ActivPanel 9 is a state-of-the-art edtech solution that's built to last.

- Flexible connection options with seven forms of video inputs and outputs
- Improved viewing from anywhere in the classroom and increased writing accuracy with bonded glass
- Vellum touch technology with pen and finger differentiation, palm erase, palm rejection, and 20-point touch

As part of our complete edtech solution, Promethean offers a variety of accessories to help you use your ActivPanel to its full potential.

Promethean Chromebox

The Promethean Chromebox is the perfect solution for extending an existing Chrome OS™ ecosystem to the ActivPanel, providing certified and seamless access to your preferred apps from the Google Play Store.
