

Interactive Displays for Business

High Quality:

- 4K UHD Resolution
- Blue Light Filter
- Anti-glare, anti-fingerprint glass
- Wide viewing angle

4K ULTRA HD™

Packed with features, including a responsive touchscreen, intuitive software, wireless sharing, handy annotation tools, and optional extras like carts and slot-in PCs make these IFPs ideal for boardrooms, meeting rooms, conference rooms, or huddle spaces.

Engaging Interactive Presentations:

- Smooth writing with 6ms response time and up to 40 points of touch
- Quick launch pen with dual-tip instantly launches whiteboard app
- Floating tool bar can instantly select tools or choose different pen settings
- Embedded browser allows access to websites without leaving the whiteboard
- Ability to drag & drop images and videos directly to the whiteboard
- Access information from the cloud, Microsoft One, Google Drive, etc.

Easy Connections and Conferencing:

- Hassle-free conferencing using Zoom, Skype, Teams, Cisco WebEx or Go To Meeting
- Plug and play compatibility with Windows, Mac and Chrome OS devices
- BYOD collaboration with wireless content sharing and screen mirroring via CreativeCast
- Compatible with most webcams

Connect any device.

Wirelessly broadcast, share or stream your content to the big screen with CreativeCast Pro™. Screen mirror high-quality images, video, documents and audio from your smartphone, laptop or PC – all with a touch of a button.
