Small Size. Big Business Performance.

The Intel NUC ANK raises the bar for performance and connectivity in a 4x4 device for productivity, collaboration, and edge compute. Intel 13th Gen processors—plus up to 64GB dual channel memory—drive enterprise-class performance in a pint-sized PC. Collaboration is faster and easier than ever with lightning-fast wired and wireless connectivity options.

ByteSpeed Performance NUCs are backed by a 5-year ByteSpeed warranty and free lifetime tech support.
