Immersion XR Case

Item# 55592

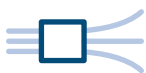

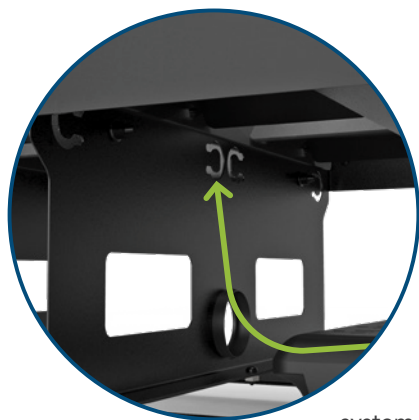

Mobility

Designed with a retractable handle and smooth-rolling wheels for maximum portability

Charges Up to 6 VR Headsets

Charging system powers up to 6 VR units while keeping them safely stored

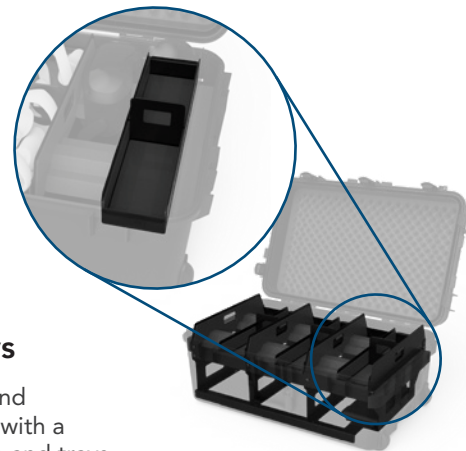

Cable Management

Built-in cable capture system helps prevent slipping and ensures a clean, organized setup

Removable Frame and Trays

Easily access wiring and distribute controllers with a fully removable frame and trays

Protective Case

Durable resin shell and high-quality foam inserts safeguard goggles and controllers from impact and pressure

Watertight Construction

Sealed, watertight design protects sensitive devices from moisture and spills
