

Technical Specifications

37128

The InVision Element Table is the next generation of affordable, durable active learning collaboration furniture available for educational or corporate settings. Two leg styles, three height options, two wiring channel styles, power options, and worksurface lengths in 60", 72", and 96" L give the user the ability to fully configure each table to their specific needs. The Element Display Stand can also be added for large screen monitor viewing.

Features and Benefits

- The best value in the quickly changing collaboration system environment
- Choice of T-Leg or Post legs
- Choice of wire tray or larger AV equipment channel
- Available in 27"H elementary, 30"H adult, or 42"H standing worksurface heights (*Post legs not available in 42"H*)
- Ships with 1-piece worksurface with matching color edge trim (*some laminate choices use non-matching edge trim*)
- Scratch and impact-resistant high-pressure laminate worksurface
- Durable powder coated steel legs provide a long-lasting finish
- Durable worksurface edge trim
- Worksurface braces provide support to minimize flexing
- ADA-compliant knee clearance under worksurface (42" & 30"H versions)
- Leveling glides keep table level on uneven surfaces
- Cords and wiring can be channeled cleanly using the under-worksurface wiring tray or larger AV equipment channel
- Table ships "knocked-down" for lower shipping costs and can be easily assembled at the final location
- Optional Element Display Stand provides ability to attach most monitors (requires worksurface mounting holes)
- Warranted to be free of all defects in materials and workmanship for 10 years
- Designed and assembled in Chippewa Falls, WI, USA

Color Options

Available in Spectrum Expressions colors.
See spectrumfurniture.com for complete color information.

Ordering Instructions

Spectrum has designed this product to receive the useful options shown here.
To ensure your options are ordered correctly please call 1-800-235-1262.

Construction

- The one-piece worksurface is constructed from 1" thick NAF (no-added formaldehyde) composite board with .030" high-pressure laminate on one face, and a balancing phenolic backer on the opposing face
- Metal components consist of 16-gauge steel
- Worksurface edges are covered with 3mm vinyl (color matching)
- All metal components are finished with a scratch-resistant powder coat epoxy
- Tables are shipped KD (Knocked-Down) and require assembly

ORDER CODE T = T-Legs

ORDER CODE P = Post Legs

Worksurface Height Options

ORDER CODE 1 = 27"H

Elementary height

ORDER CODE 2 = 30"H

Adult height
(used for ADA-compliance)

ORDER CODE 3 = 42"H

Standing height

Note: 42"H not available
with post legs.

ORDER CODE 1 = 42"W x 60"L - Wire Tray

ORDER CODE 2 = 42"W x 72"L - Wire Tray

ORDER CODE 3 = 42"W x 96"L - Wire Tray

ORDER CODE 4 = 42"W x 60"L - AV Equipment Channel

ORDER CODE 5 = 42"W x 72"L - AV Equipment Channel

ORDER CODE 6 = 42"W x 96"L - AV Equipment Channel

(T-Leg only)

- Seating for up to 5
- Seating up to 4 with display stand

Note: 60"L Element tables are not ADA-compliant.

Note: If the table is used with a display stand, distance between the nearest seat and the display should be maintained for optimal viewing. On a 60"L Element table, this reduces the effective seating capacity to four people.

- Seating for up to 5
- Provides 1 ADA-compliant seat at curved end
- For ADA use 30"H worksurface only

- Seating for up to 7
- Provides 1 ADA-compliant seat at curved end
- For ADA use 30"H worksurface only

Note: If the table is used with a display stand, distance between the nearest seat and display should be maintained for optimal viewing.

Wire Tray

- Slim profile for small or minimal components
- Tray extends to end of table for routing cords to monitor
- Opening on bottom of tray for cord access

Internal area:
(nominal) 7"W [17.8 cm] x 7"H [17.8 cm] x A

Note: Spectrum Industries, Inc. manufactures furniture that supports a wide variety of power and communication devices from a variety of manufacturers. This table is compatible with many Extron®, Crestron®, Kramer®, ECA® and other devices. Spectrum does not resell these products; please consult your electronic supplier for the equipment that best suits your needs. Size specifications from the manufacturer can be used to verify the fit.

Note: Some controllers and devices require additional space around the cutout for clamping under the worksurface. Please double check your device specifications to ensure adequate space around the cutout.

***When ordering a table or lectern with cutouts, specify complete details of the device(s) (brand, model number, cutout size, quantity, etc.) to the Spectrum sales rep when ordering.**

Note: Extron® Teamwork 400 package requires: (1) CC¹²⁰⁰ cutout

Note: Extron® Teamwork 600, 601 packages require: (1) CC¹⁴⁰⁰ cutout

Note: If the table is used with a display stand, distance between the nearest seat and the display should be maintained for optimal viewing.

USB-C Power Module - 99075

- (2) AC power outlets (tamper-resistant)
- (1) USB charge port
- (1) USB-C charge port
- Aluminum housing and flange
- Thumbscrew clamps
- ETL-certified
- Available in black, silver, or white
- Customer-installed

Cutout required:	5.65"W x 1.65"D cutout exists under flip-up lid
Power cord:	10' [305 cm] 14AWG *3C power cord
Power receptacles:	125V, 60hz, 15A tamper-resistant
USB-C charging port:	2.4A (12W) (non data compatible)
USB charging port:	2.1A (10.5W) (non data compatible)
Dimensions:	6.38"W [16.2 cm] x 2.36"D [6 cm] x 3.54"H [9 cm]
Unit weight:	2 lb [.9 kg]
Shipping weight:	2.35 lb [1 kg]

Camera Mount - 55518

- Provides ability to mount camera for video teleconferencing
- Requires optional Display Stand 37130
- Mounts above monitor(s) for group teleconferencing
- Adjustable height shelf bracket provides ideal height
- Shipping weight: 5 lb [2.3kg]

EM Wireless Charging Pad - 99057

- Uses electromagnetic technology to charge Qi V1.2 compliant IC devices ("Qi" enabled)
- LED to confirm pairing / charging
- Security tab prevents theft
- Customer-installed
- UL-certified

Cutout required:	3" dia (<i>by customer</i>)
Input:	DC 5V (<i>with included DC5V.2A power adapter</i>)
Output:	5W max (<i>with included DC5V.2A power adapter</i>)
Power cord:	8' [244 cm] with DC jack
Dimensions:	3.5" dia [8.9 cm] x 1.125"H [2.9 cm]
Shipping weight:	1 lb [.45 kg]

Note: The unit requires a 7" diameter of clearance to work with Qi-enabled phones placed in any orientation. The 3" dia cutout should be located on the worksurface at least 3.5" from any edge.
